### *Shiftly*

Shiftly is an intermediary that focuses on connecting independent companies and Shiftly employees for single shifts in the Dutch hospitality industry. By integrating technology with advanced software, the focus lies on making processes easier for both parties whilst needing a lower margin. Automated systems thus allow for above average pay-outs with below average costs, making it attractive for all sides.

### *Sackets Harbor Cocktails*

Sackets Harbor Cocktails started as four amigos with a passion for bartending, struggling to find any good cocktail bars in The Hague to demonstrate our skills and techniques we have picked up from all the corners of world. Our solution was to bring the cocktails with us wherever we go. The four of us have influences from our own multicultural backgrounds, seven nationalities between us, as well as international bartending experience from eight different countries, fourteen different cocktail bars within them and most importantly; four different personalities to bring a smile to your face.
