\*\* Please note that the costs mentioned are preliminary. As soon as the definite costs are available we will publish them on our website. We are not liable for any typing errors and prices may be subject to change.

\*\*\* You pay the higher institution tuition fees (see costs Non-EEA students) if you have already obtained a bachelor or master degree in The Netherlands

#### **The total costs include the following:**

a) Tuition fees for EEA-students	Hotelschool The Hague is part of a programme called 'Ruim baan voor talent' (Make way for talent), started by the Ministry of Education, Culture & Science. A number of Universities of Applied Sciences, including Hotelschool The Hague, are allowed to charge higher tuition fees on the grounds of demonstrable added value for students. Hotelschool The Hague demonstrates its added value through the following points:
----------------------------------	--

	<ul style="list-style-type: none"> <li>- demonstrable international character;</li> <li>- demonstrable strong(er) personal growth;</li> <li>- demonstrable ability to deal with complex problems;</li> <li>- demonstrable favourable position in the labour market.</li> </ul> <p>Tuition fees for 2018-2019 are set at € 3,300 for all students except for non-EEA (European Economic Area*) students.</p> <p>Payment in instalments is possible for EEA-students who have their own bank account in the Netherlands.</p>
b) Summer course fees / Tuition fees	<p>These fees include non-subsidisable expenses, such as expenses for an accident and liability insurance and the maintenance of the high-quality international network, e.g. reputable placement companies. Due to this contribution the restaurants can also offer prices that are below the market price. Students pay a contribution for non-subsidised costs of the practicals, such as official internal events for placement students and the graduation ceremony.</p> <p>The fee for the summer course is including meals.</p>

**Please note: there are some variable additional costs:**

Computer/laptop	<p>Although the school provides excellent computer facilities, we do advise students to purchase a laptop. Each student can log on to the school computer network by using their personal username &amp; password as assigned by the IT Department.</p> <p>Throughout the school and at the Skotel rooms there are also wireless access points where you can connect to the Internet via your own laptop, mobile phone etc. using the 'HDH-HotSpot'.</p> <p>Please make sure you have a suitable portable device and either using a normal network cable (utp patch cable) or WiFi.</p>
Books	<p>Books can be bought from the school's supplier. Other lesson materials consist mainly of a course guide that contains important information for each course, such as the number of EC's it provides, who the lecturers are, etc. Workbooks and manuals provide additional reading material to supplement the books. These course materials are available free of charge on the school's intranet: <a href="http://www.myhotelschool.nl">www.myhotelschool.nl</a></p>

**Proposal reduction tuition fees for first year students**

In the first half of 2018, a bill for the reduction of tuition fees will be processed, possibly leading to reduced rates for specific target groups as of academic year 2018/2019. For the latest updates, please check this [document for more information](#) or visit the website [www.rijksoverheid.nl](http://www.rijksoverheid.nl)

**Part-time jobs**

Foreign students in the Netherlands are allowed to have a part-time job. Please visit the Nuffic website for more information: <http://www.studyinholland.nl/>

**Grants, loans and tuition fees**

More information about grants, loans and tuition fees can be found at the website of DUO [www.duo.nl](http://www.duo.nl) or [www.scholarshipportal.eu](http://www.scholarshipportal.eu).

**Costs for non – EEA applicants**
