**\* The following countries are members of the EEA (European Economic Area):** Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, the Netherlands, Poland, Portugal, Romania, Slovak Republic, Slovenia, Spain, Sweden, United Kingdom, Iceland, Liechtenstein, and Norway. The last three countries mentioned are in the EEA, but are not members of the European Union. Switzerland is not a member of the EEA neither of the EU, but does have similar rights.

**\*\*** Please note that the costs mentioned for future study years are preliminary. As soon as the definite costs are available we will publish them on our website. We are not liable for any typing errors and prices may be subject to change.

**Non-EEA students (non-European Economic Area students)**

**Explanation of the costs**

<p>a) Tuition fees for non-EEA students</p>	<p>Tuition fees for 1 September 2017 – 31 August 2018 have been set at € 12.943 for all non-EEA (European Economic Area*) students. The tuition fee for next academic year is not determined yet.</p> <p>Due to Dutch governmental policies, Hotelschool The Hague (and all other professional universities) are not funded by the Dutch government for the education of non-EEA students. Non-EEA students therefore pay higher tuition fees than EEA students</p>
<p>b) Skotel, training and study hotel</p>	<p>The Skotel and catering practicals form an integral part of the curriculum. It is compulsory for students to stay at the Skotel (the training and study hotel) during the first year; either in Amsterdam or The Hague. The fee includes breakfast and one meal a day at school during 40 school weeks as well as access to the Internet during 45 weeks. After the first year students are required to make their own accommodation arrangements. These fees also include a deposit of € 250. This deposit is reserved for repairs of damage to Skotel property caused by students. This deposit is refunded after compensation of outstanding balances or damages upon departure from the Skotel.</p>
<p>c) Visa procedure</p>	<p><b>Visa procedure Hotelschool The Hague</b></p> <ul style="list-style-type: none"> <li>- The visa costs (€ 321)** include a residence permit for 4 years and, if applicable, a provisional residence permit to enter The Netherlands. In the first week of arrival at the beginning of the academic year students will be informed about how to obtain the residence permit, open a bank account, register at the City Hall and all other important matters related to becoming an official resident.</li> <li>- Non-EEA students accepted for Hotelschool The Hague, academic year 2017-2018, are obliged to pay forthwith the total amount of € 23.443** to Hotelschool The Hague. After this amount has been received, Hotelschool The Hague will start the visa procedure immediately and inform the Immigration Department (IND) of the Ministry of Interior and Kingdom Relations. Hotelschool The Hague has made special arrangements with the IND to apply for a visa for non-EEA students via a shortened procedure. That means that you are not allowed to apply for a visa yourself.</li> <li>- In order to receive a visa, non-EEA students in The Netherlands are required to have a minimum of approximately € 875 per month to cover their living costs (board and lodgings) – the minimum required is € 10.500 for the first year. This amount is <b>excluding</b> tuition fees.</li> </ul>

<p>Visa costs</p>	<p>So the following costs (in €) are paid from the sum of <b>€ 10.500</b>:</p> <p>€ 10.500          € 321 Visa costs  <u>€ 6,250 Skotel (€ 6500 - € 250)</u>  <b>€ 3.929 refund</b></p> <p>The remaining sum of € 3.929 will be refunded after your start. The tuition fees of € 12.943 still have to be paid which will make the total sum to transfer to our account          € 10.500 + € 12.943 = <b>€ 23.443</b></p> <p>Please click on the following links for more info about visas and studying in The Netherlands:  <a href="http://www.studyinholland.nl/practical-matters/visas-and-permits">http://www.studyinholland.nl/practical-matters/visas-and-permits</a>  <a href="http://www.iso.nl/international/stuyding-in-the-netherlands/">http://www.iso.nl/international/stuyding-in-the-netherlands/</a></p> <p>The costs (€ 321)** include a residence permit for 4 years and a provisional residence permit (MVV) to enter The Netherlands (if applicable). In the first week of arrival at the beginning of the academic year students will be informed in full about how to obtain a residence permit, open a bank account, register at the City Hall and all other important matters related to becoming an official resident. A residence permit will generally be issued for the duration of your study programme, provided that you obtain 50% of your European (study) credits every year (Nuffic).</p>

**Please note: there are some variable additional costs:**

<p>Computer/laptop</p>	<p>Although the school provides excellent computer facilities, we do advise students to purchase a laptop. Each student can log on to the school computer network by using their personal username &amp; password as assigned by the IT Department.</p> <p>Throughout the school and at the Skotel rooms there are also wireless access points where you can connect to the Internet via your own laptop, mobile phone etc. using the 'HDH-HotSpot'.</p> <p>Please make sure you have a suitable portable device and either using a normal network cable (utp patch cable) or WiFi.</p>
<p>Books</p>	<p>Books can be bought from the school's supplier. Other lesson materials consist mainly of a course guide that contains important information for each course, such as the number of EC's it provides, who the lecturers are, etc. Workbooks and manuals provide additional reading material to supplement the books. These course materials are available free of charge after your start on the school's intranet: <a href="http://www.myhotelschool.nl">www.myhotelschool.nl</a></p>
<p>Student expenditure for practicals</p>	<p>These average costs include uniforms, a scarf, badge, and a knife set and amount to approximately € 675**. This amount is excluding optional products like socks, belt, and shoes.</p>

**Part-time jobs**

If you are from Croatia, or from a country outside the EU/EEA or Switzerland, there are some restrictions if you want to take a job next to your studies. You need a permit and you can only work for a maximum of ten hours a week or, instead, you can work full-time during the summer months of June, July and August.
